An Andalusian life of sun, serenity and authenticity in Casares
This beautiful Andalusian country house, recently renovated, is set in a privileged location in Casares, offering total privacy and a sustainable lifestyle. Access is easy thanks to its cement driveway, and the property combines traditional charm with modern comfort.
It features 20 solar panels with batteries, two water wells, and a rainwater collection system, making it practically self-sufficient. To enjoy it all year round, it offers a heated pool, perfect for the winter months.
During the rainy season, a small river runs alongside the property, creating a unique and relaxing atmosphere with the soothing sound of flowing water. The land includes a vegetable garden, chicken coop with Japanese hens, five sheep, and vineyards, making it the perfect retreat for those who value nature, privacy, and peace.
A truly unique property that combines authenticity, sustainability, and natural beauty.
Casares is a typical white village of Arabic layout declared historic-artistic, where you can stroll through its quaint narrow streets, steep and sinuous, with whitewashed houses and admire the remains of the medieval castle or visit the birthplace of Blas Infante, considered the “Father of the Andalusian Motherland”. Casares also boasts two kilometers of coastline, with access to several of Spain’s best golf courses and a beautiful environment, where nature lovers can enjoy spectacular views of the Ronda Mountains and Gibraltar. With all amenities, infrastructures, international schools and private leisure facilities, this is the ideal spot for a holiday home or permanent residence.
